We do our best to get all the returns that come to hand into type, but still the exigencies of time and spi compel us to omit whole columns of de-We can only refer the reader to the news itself, which sufficiently shows that the Republican party has for the fourth time swept the country and chosen the President. The defeat of the allied forces is one of the most complete and disstrous on record—the news leaves no room to doubt that. All New England, the Empire State, New Jer sey, the Keystone, Ohio, Indiana. unite with tremendous majorities in carrying GRANT back to the White House for another term. Of course exact ms jorities cannot be stated thus early, but the general results are beyond all doubt This must be at last the end of what he been known as the Democratic party. Hav ing committed suicide by its unnatural alliance with GREELEY, it was only needed to bury the carcass in his own "bloods charm:" and this has now been done an there is an end of it. The country has reason to be profoundly satisfied and we doubt not it is It will only now be no cessary to mark the last resting place of the defunct party with a headstone at each end. At Mr. GREELEY's end of the sepulchre might be inscribed: "Died of too intimate contact with the old Democratic secession virus;" and on the other "perished from exhaustion induced b prolonged exposure in the cold."

The scat tering returns from other points in the State also justify a hope that the State has been redeemed from the dominance of the effete, decaying, and incompeten

### NEW YORK.

New York, November 5.—The weather is clear and pleasant, and all is as favorable as could be desired for an election. The city presents a holiday aspect, business for the most part being suspended. The polls opened at 6 A. M. and closed at 4 P. M., instead of at sunset as formerly. The Stock, Gold, Produce, Cotton and Merchants' Exchange are closed. The police and federal officers are stationed at the different booths, and have the fullest instructions for the preservation of peace and to arrest those who may violate the law of the city. The police, however, have orders not to interfere with either the inspectors or federal supervisors in the mode of scrutinizing, counting and canvassing ballots.
